

Q RANGE

Q IN ONE - MULTI PURPOSE OIL

Q IN One is a high tech. General purpose lubricant for all household and special industrial applications.

Due to the low viscosity of Q In One - it is ideal for high revving motors ie:- Sewing machines. Hair Clippers. Pneumatic Tools.

Q in One has proved very successful in the bicycle industry as a lubricant. Q In One is colourless and non-staining, and can be used around the household without worries of oil marks.

Q In One is also ideal for sharpening knives using a wet stone and is used by Leatehrman in South Africa to lubricate their famous tools.

Q In One is also known as a drip oil, as the specialized nozzle allows a drip at a time to be dispensed.

Q In One is only available in 100ml bottles
